## Affiliation

Affiliation into our organization brings you many benefits. You can train with us via video and even progress in rank through home study. You will have access to our organization patches and logos for advertising and marketing. This is how an affiliation into our organization works: First you fill out this form and send it in for approval, then once approved you will be charged a \$25 fee each month through auto draft. After the first auto draft you can choose which curriculum you would like to follow and train in, and we will send you the corresponding digital file so you can train. Once you are ready to test you can send in a video for us to grade and upon passing, we will send out a certificate for that rank. There is a minimum period of three months between each test. If you should cancel your affiliation during that time another three-month time frame will be added if you decide to affiliate with us again. This includes any of our curriculum you choose to study. This process only includes ranks in the color belt category or Gup/Kyu category up to 1<sup>st</sup> Degree black belt. To continue on into higher Dan ranks you must abide by the time in grade guidelines and pay separate Dan Test Fees. Unless you decide to move on to another curriculum then things would just reset, and we would go from there.
